It is believed, however, that none of the cases lately have been contracted from recent cases but that the germs from some of the earlier attacks are responsible for them.

Among the most successful deer hunters in the County are the Kerlin brothers near Knobsville. When they do not get their share of the fleet footed beauties is when there is none in the woods. The first day of the season they started out bright and early—Enoch, Ira, Bert, Cloyd and W. J.—and on the Fannettsburg mountain just above the Old Cowan house they "jumped one up," and the deer out a streak back; fortunately, Will was bringing up the rear, and was in just the right position to plunk the deer dead at the first shot. This put both the deer and William out of business for the deer was dead and William had killed all the law allowed him for this year.
